Name	Type	Pref List
COVID-19 TEST PANEL (aka COVID19)	Order Panel	HHC IP LABS HC
COVID-19 TEST PANEL (aka COVID19)	Order Panel	HHC IP LABS HC

Medications (No results found)

Procedures (No results found)

- Highlight appropriate orders
 - The Labcorp Novel Coronavirus (COVID-19) order panel

- Notice the process instructions at the top of the order panel.
- It is important to keep in mind that all department of health lab orders must be accompanied by the department of health request form.
- There is a link to this form highlighted above the orders.
- The panel has both the lab corp nasopharyngeal and oropharyngeal swab as well as the airborne-contact-eye protection isolation orders defaulted when the panel is opened.
- Check the boxes for any other applicable lab corp or department of health lab orders to include those orders.
- After completing all necessary order details and applicable department of health forms

COVID-19 Test Panel
✓ Accept

This order is a send-out test and will not be processed at your facility's local lab.

Submit Nasopharyngeal & Oropharyngeal swabs **in a single viral** transport tube.

All patients being considered for COVID-19 testing should be discussed with your facility Infection Prevention & Control Department, per facility protocol.

IF ordering DOHMH - call 866-692-3641 for approval. Request forms must be filled out for each specimen sent.

Updated 3/10/2020
