

Celebrating Our Health Care Heroes on **Mother's Day**

Mother's Day is Sunday, May 10 – a time when we recognize how much our moms, grandmothers, aunts and godmothers mean to us.

Though circumstances are a bit different for this year's celebration, we will still be highlighting all the mothers who make up our devoted staff. Especially during these times, our health care workers who are mothers have taken on the added responsibilities of helping their children with e-learning, providing emotional support and keeping their families safe.

If you or one of your colleagues is a mother or grandmother going above and beyond the call to service at this time, we want to hear from you! Please fill out the below form to be included in the health system's Mother's Day social media coverage.

We thank all our mothers for their tireless efforts and urge all New Yorkers to stay home this weekend to keep their mothers safe.

Name: _____

Title: _____

Work location: _____

How many children or grandchildren do you have (provide names and ages):

In 150-200 words, describe what it's like to be a mother during this unprecedented time:

Include a photo of yourself with your children/grandchildren/or both. Family portraits are more than acceptable.

Please submit this form with the photo to XYZ@nychhc.org.

Thank you so much for all that you do as one of our Health Care Heroes - and of course as a mom.

*Names, photos and all information will be used on the NYC Health + Hospitals social media platforms. If you would rather not include the names and ages of children, that would be fine.
