## **Vaccines Now Available to New Yorkers 75 and Older, Unaffiliated Providers, Essential Workers**

NYC Health + Hospitals will now offer COVID-19 vaccines to an expanded group of New Yorkers – Groups 1A and 1B, as determined by New York State. We will continue to prioritize vaccinations to our own workforce. The new eligible groups include:

- Health care workers from the community – non NYC Health + Hospitals providers
- New Yorkers 75 and older
- Teachers and other education workers
- Childcare workers
- First responders
- Public safety workers
- Public transit workers

To make an appointment:

- Eligible New Yorkers who are not NYC Health + Hospitals staff can visit <https://covid19.nychealthandhospitals.org/COVIDVaxEligibility> to find an NYC Health + Hospitals site and make an appointment.

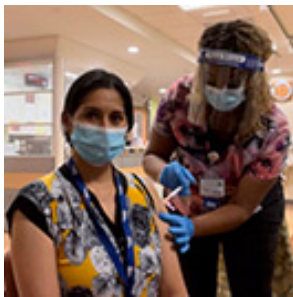

- NYC Health + Hospitals employees can visit <https://covid19vaccinationscheduler.nychhc.org/>

## These NYC Vax Champs had COVID-19 and Got their Vaccine

Wondering if it's OK to get vaccinated if you already had COVID-19? The answer is Yes! The CDC recommends vaccines for people who got COVID-19 after they no longer have symptoms and after the recommended isolation period. These are some of our Health Care Heroes who recovered from the virus and got their first dose.

Program  
Emergency Management

## Thousands Starting to Get Their Second Dose

Both the Pfizer and Moderna vaccines require a second dose. Many of our first round of NYC Vax Champs across NYC Health + Hospitals are beginning to get their second dose. Your second dose must be the same brand as your first dose and has to be administered at the same facility where you received the first dose.
