The automatic "My COVID-19 Vaccination Appointment" will be sent to staff at three NYC Health + Hospitals work sites: Bellevue Hospital, Kings County Hospital and Gotham Health/East New York. Appointments for staff at other sites will follow in coming weeks. Employees will have the option to confirm their appointment, reschedule or not get the vaccine at this time. For staff members who were vaccinated outside the health system, there will be an option to upload your vaccination card. [Read the full announcement.](#)
