

Mobile Test to Treat

NO-COST, NO ID, NO INSURANCE, same-day, on-site COVID-19 treatment available

If you test positive for COVID-19, getting treatment right away can lessen your symptoms and can keep you out of the hospital.

Patients 12+ who test positive for COVID-19 at a Test to Treat unit, are early in their illness, and are at risk for severe COVID-19 could be eligible to receive prescription pills. Evaluation by a provider is required.

For more information or locations of sites,
